STRENGTH

3 / 5

SAN SARA ETHICAL FILTER

HONDURAS & SUMATRA

An interesting blend offering Honduras and its notes of caramel combined with citrus flavours blended with Sumatra with its wild fruity yet earthy notes.

COAGRICSAL - FT Honduras Arabica Coffee

COAGRICSAL is the largest first level fair trade organization in Honduras. It is mainly a coffee producing cooperative, but has recently added fine cocoa.

The cooperative benefits over 1500 families through direct and indirect initiatives including the development of community centres, schools, water management, reforestation projects and more.

It specifically supports youth through education and scholarships for the children of the producers. There are 30 permanent staff at the cooperative and 75 seasonal workers.

PPKGO – FT Organic Sumatra Arabica Coffee

From the scenic highland slopes of the Gayo Mountains near Laut Tawar in the Takengon region of Northern Sumatra, comes the exotically aromatic "Takengon" Sumatra coffee.

There are over 200 small coffee producers who contribute to this very important Fairtrade and organic certified coffee production. The organization, production, technical assistance, and higher prices for certified Fairtrade organic coffee help these remote farmers by enabling them to generate a better income for themselves and to improve the economic basis in the communities.

What is Fairtrade?

Fairtrade is about better prices, decent working conditions, local sustainability and fair terms of trade for farmers and workers in the developing world. For more information visit info.fairtrade.net/sourcing
